NIGHT VISION SPECIALISTS

## DEFENDER Night Vision Monocular

The DEFENDER features a unique design that allows very comfortable single-handed operation and dramatically minimizes the probability of user errors in extreme conditions.

The standard configuration mounts on a flip-up facemask. The DEFENDER operates on a CR123 battery to keep the weight to a minimum and guarantees reliable service at all temperatures. The monocular is equipped with an invisible IR illuminator to assist in such operations as map reading, equipment repairs, etc.
