NIGHT VISION SPECIALISTS

M953 Night Vision Binocular

Features

- One Year Warranty
- Single "AA" Battery Operation
- Automatic Brightness Control (ABC)
- Built-In IR Illuminator
- High Light Cutoff Tube Protection
- Hands-Free or One-Hand Operation

The M953 is based on the US military model AN/PVS-15 used by U.S. Special Forces. The M953 is a rugged lightweight, self-contained twin tube goggle system that offers better depth perception than single tube systems and provides the same performance characteristics as found in aviator systems. The M953 can be operated as a hand-held binocular or helmet mounted. The M953 was designed specifically where critical mission performance and depth perception factors are required elements.

Technical Specifications
