

# NIGHTLINE, INC.

NIGHT VISION SPECIALISTS

## M983 Night Vision Monocular

### Features

- One Year Warranty
- Single "AA" Battery Operation
- Automatic Brightness Control (ABC)
- High Light Cutoff Tube Protection
- Built-In IR Illuminator
- Optional 3x, 4x & 6x Magnification
- Multiple Mounting Applications

The M983 is based on the US military model AN/PVS-18 used by the U.S. special forces. The M983 is the most versatile night vision system available, offering hand-held capability as a self contained pocketscope, for left and right mounting as a monocular and quick change mounting on weapons in conjunction with an infrared laser aimer. The M983 can also be used with a SLR camera or camcorder systems. Optional magnification of 3x, 4x or 6x objectives is available to provide long range observation.
